Panetti Endoscopic Instrument Set

The Panetti Endoscopic Instrument Set consists of:

- 12 instruments for otomicroscopic and otoendoscopic middle ear surgery, provided with suction capacity. Each instrument has specillum for cleaning and a „luer lock" terminal junction.
- 1 ergonomic curve shaped connector, with complementary „luer lock" junction for quick interchange of the instruments.

Each instrument has a suction duct with control hole on the handpiece; the tip of each instrument has a variable shape that is identical to those of classic dissecting instruments for middle ear*.

The instruments' suction allows **simultaneous suction and dissection**. The latter is more effective as assisted by the suction capacity of the instrument. Otoendoscopic fogging, as well as blood stains, which form towards the tip of the endoscope, are easily removed by washing with hydro saline solution, steadily ensuring a clean operating field, without loss of continuity of the surgical procedure.

*)
- Two dissectors for sinus tympani
- Two long dissectors simple curve shaped
- Two short dissectors simple curve shaped
- Long hook
- Short hook
- Straight dissector
- Two scalpels with circular frontal blade
- Scalpel with circular sagittal blade

Art.No.	Description
10-800-12	Suction dissector for ear drum single curved, left side, 3 mm
10-801-12	Suction dissector for ear drum single curved, right side, 3 mm
10-802-12	Suction dissector for sinus tympani, double curved, backwards, left side, 6 mm
10-803-12	Suction dissector for sinus tympani, double curved, backwards, right side, 6 mm
10-804-12	Suction dissector for atticus, double curved, forwards, left side, 6 mm
10-805-12	Suction dissector for atticus, double curved, forwards, right side, 6 mm
10-806-12	Suction micro hook, 45°, 1 mm
10-807-12	Suction micro hook, 45°, 2 mm
10-808-12	Suction separator, 45°, 2,5 mm, suction at the inside
10-809-12	Suction separator 45°, 2 mm
10-810-12	Suction oval knife, lateral opening
10-811-12	Suction separator 45°, 2.5 mm, suction at the outside
10-850-00	Adapter, rotatable, 70° curved, luer-lock male, hose connector
